On behalf of the organizing committee, it is our great pleasure to invite all of you to join us at Third European Crystallography School [ECS3]. The ECS3 will take place from Sept 25 – Oct 2, 2016 in the little town of Bol at the Island of Brač in Croatia. Brač is located in the most beautiful part of central Dalmatia where scenic views are exchanging between magnificent mountains, crystal clear water of Adriatic sea, towns whose cultural heritage proudly stands on the UNESCO list and a thousand of islands making central Dalmatia a unique and incomparable blend of historic heritage and natural beauty. The town of Bol is well known for Zlatni rat or Golden cape, certainly the most beautiful beach on the Adriatic Sea, whose cape is turning from side to side playing a beautiful game with the wind and the waves.
